Editor's Note

In every organization, there comes a defining phase—a phase where effort transforms into impact, and intent begins to shape identity.

This edition of Suryojasvi Times reflects exactly that.

Across these pages, you will find stories that go beyond achievements. You will witness journeys of individuals who chose to step forward, take ownership, and create meaningful change—whether through innovation, automation, client impact, or teamwork under pressure.

What stands out is not just what has been accomplished, but how it has been achieved.

From building intelligent systems that save hours of effort, to solving complex operational challenges, to creating moments of connection and celebration—each story reflects a common thread: a mindset of growth, responsibility, and excellence.

As we continue our journey towards becoming a truly AI-driven and world-class organization, these contributions are not isolated successes—they are building blocks of our future. They strengthen our capacity. They elevate our standards. They bring us closer to our vision of serving 100,000 customers with excellence.

At the heart of it all lies our culture—one that reminds us every day to learn, to solve, to create, and to be increasingly useful, grateful, and joyful.

This magazine is not just a reflection of what we have done. It is a reminder of what we are becoming.

Let us continue to move forward—with intent, with courage, and with a commitment to brilliance.

ELEVATING AUTOQA INTELLIGENCE – KUDOS TO SOMNATH!

Somnath successfully enabled a powerful logic to track how many times a call is transferred within a single-channel interaction—and importantly, identify the exact transfer points between agents. This was no small feat, especially considering the complexity of working with calls captured as a single line item.

But the impact didn't stop there.

He further enhanced the system by implementing a multi-level, agent-wise feedback loop within Speech & BRCP—a significant leap that adds deeper analytical intelligence to our quality framework. This advancement empowers us to unlock sharper, more actionable insights at the agent level, driving better decision-making and continuous improvement.

Why this matters:

- Strengthens the intelligence of our AutoQA system
- Enables deeper visibility into call journeys
- Improves agent-level performance insights
- Adds real, measurable operational value

Somnath's work is a true reflection of ownership, innovation, and problem-solving excellence—values that define who we are at Suryojasvi.

Well done, Somnath! Keep raising the bar and inspiring us all.

CLIENT APPRECIATION SPOTLIGHT

Bhaskar Bhatt

Sometimes, impact is not created in a single breakthrough—but through consistent effort, thoughtful problem-solving, and the discipline to keep improving every single day.

This quarter, one such story unfolded.

In a proud moment for all of us, Jeevan shared an update that celebrates not just an achievement—but a mindset we deeply value at Suryojasvi.

Bhaskar Bhatt, from the TransMon Front-End Support team, has been recognized and appreciated by the PhonePe client for his exceptional contributions during the Jan–Mar 2026 quarter. The appreciation, extended by Antara Devi, CX Training & Quality Leader at PhonePe, marks a significant milestone—both for Bhaskar and for the team he represents.

But what makes this recognition truly special is the journey behind it.

The Journey of Impact

Over the past quarter, Bhaskar took on 17 initiatives—each one aimed at solving real operational challenges and creating meaningful improvements.

With 15 successfully completed and 2 steadily progressing, this journey stands as a testament to focus, ownership, and disciplined execution.

From rethinking processes to building smarter systems, Bhaskar’s work quietly but powerfully transformed the way operations function.

Turning Challenges into Solutions

What stood out was not just the number of initiatives—but the depth of impact behind each one:

- He strengthened rebuttal workflows, bringing greater visibility across systems.
- He refined forms and scoring logic, improving accuracy where it mattered most.
- He automated manual KYC processes, saving time and effort for teams on the ground.
- He introduced dashboard capabilities, enabling sharper, data-driven decisions.

And by replicating solutions across partner platforms, he ensured that the impact went beyond one system—it scaled.

Each step, though incremental, contributed to a larger transformation.

Beyond Execution – Creating Real Value

The result?

Stronger operational efficiency, improved process accuracy, and better decision-making through insights. But more importantly, it built something deeper—client trust and confidence.

A Story That Reflects Who We Are

This recognition is more than a moment of appreciation.

It is a reflection of what happens when ownership meets intent, and innovation meets execution.

Bhaskar’s journey reminds us that excellence is not accidental—it is built through consistent effort, clarity of thought, and the courage to solve problems that matter.

Celebrating the Spirit

Congratulations, Bhaskar Bhatt, on this well-deserved recognition!

Your story is a reminder to all of us—

that when we take ownership and stay committed, we don’t just complete tasks...

we create impact.

REDEFINING POSSIBILITIES: THE INSPIRING RISE OF BIMALENDU SHUKLA

In every organization, there are individuals who don't just perform—they evolve, inspire, and redefine what is possible.

This month, we proudly recognize Bimalendu Shukla for his remarkable growth journey and meaningful contributions.

From Curiosity to Capability

Bimalendu's journey reflects the power of a strong learning mindset and consistent determination. Coming from a non-technical background, he has steadily grown into a capable semi-technical professional—embracing challenges with confidence and intent.

What truly sets him apart is not just progress, but the consistency with which he has stepped beyond his comfort zone.

Starting with TransMon sample allocation and client coordination, he gradually moved into more complex QV requirements. Along the way, he expanded his capabilities across key platforms such as Opsguru, n8n, and Syntheta—each step showcasing his commitment to learning and adding greater value.

Driving Impact Through Innovation

A defining milestone in his journey has been the creation of his own Chat AutoQA API—a solution that has significantly improved efficiency.

What once required several hours can now be completed in just 2–3 minutes.

This is not just a technical achievement—it reflects ownership, innovation, and the ability to solve problems at scale.

Enabling Scalable Growth

Bimalendu's contributions go beyond individual success. By optimizing time, enhancing efficiency, and building scalable solutions, he is actively strengthening our capacity to grow—without compromising on quality.

As we move toward our vision of serving 100,000 customers, journeys like his shift the question from “Is it possible?” to “How fast can we get there?”

Congratulations to Bimalendu Shukla for this inspiring journey and outstanding contribution!

WHEN TEAMWORK MEETS OWNERSHIP: DELIVERING EXCELLENCE UNDER PRESSURE

Every once in a while, a moment comes along that perfectly captures the spirit of teamwork, agility, and ownership. This month, one such WOW moment comes from the Wyzmindz Solutions Pvt. Ltd. – TransMon QMC – LTF Collection ICC QA Team.

On 11th March, the team was presented with an urgent and high-pressure request from the L&T Finance client—to complete 44 certifications across 5 ECC partners within a very short timeframe. With ongoing daily responsibilities already in motion, this was no small task. Yet, the team rose to the occasion with clarity, coordination, and determination.

What followed was a seamless coming together of effort and intent. Each member stepped in with a strong sense of ownership, ensuring that timelines were met without compromising on quality. Through focused execution and collaboration, all 44 certifications were successfully delivered within the required timeframe.

Driving this effort was Lavanya, who played a key role in coordinating closely with the LTFS and partner teams, ensuring alignment at every stage. Supporting this were Kavya, Babita, Supriya, and Mitali, whose dedication and persistence ensured that the certifications were completed efficiently. Vinita further strengthened the closure by publishing the certification report and ensuring everything wrapped up smoothly.

The impact of this collective effort was recognized and appreciated by Bhagyashree from the LTFS client team, reinforcing the value of commitment and timely delivery.

This achievement stands as a strong reminder that when individuals come together with shared purpose and accountability, even the most demanding challenges can be turned into success stories. Great job, team! This is teamwork at its best.

AUTOMATION SPOTLIGHT | REDEFINING EFFICIENCY IN LENOVO OPERATIONS

Jeevitha

In a significant leap toward operational excellence, we are excited to share a powerful advancement in the Lenovo reporting and workflow monitoring process.

The entire end-to-end reporting and workflow monitoring framework has now been fully automated using n8n, and has been running seamlessly in automated mode for over a week.

This transformation marks a decisive move away from manual Excel-based monitoring to a streamlined, automated ecosystem—enhancing both efficiency and reliability.

The automation framework now enables:

- Automated report scheduling
- Real-time analyst notifications
- Status tracking with live updates
- SLA monitoring with precision

Together, these enhancements have significantly strengthened operational governance, ensuring consistency and accuracy across the board.

A special appreciation goes to Jeevitha, who has been instrumental in bringing this automation to life.

Taking the initiative to learn n8n through self-driven efforts and available resources, she has successfully built and operationalized this solution—demonstrating ownership, curiosity, and a strong problem-solving mindset.

This initiative is not just about automation—it is about creating systems that scale, sustain, and empower teams.

Well done, Jeevitha!

This achievement sets a strong benchmark, and we look forward to many more such impactful innovations from the team as we continue to build smarter, more efficient operations.

TURNING COMMITMENT INTO EXCELLENCE: THE MUNI REDDY STORY

There are moments that truly reflect the strength of commitment, discipline, and professional integrity within our teams. This is one such moment.

We are incredibly proud to recognize CA Muni Reddy for the exceptional performance and dedication demonstrated over the past few months—efforts that have earned consistent appreciation from the client.

Mr. John Rajkumar (Honorary Secretary, Maithree) has specifically acknowledged Muni's contributions, highlighting the impact of his work and the standards he continues to uphold.

Muni has brought a remarkable “real-time” efficiency to the accounting process through the effective use of Asteya systems. His ability to ensure accuracy while maintaining speed has significantly strengthened operational reliability.

True commitment reveals itself in moments of pressure—and Muni has exemplified this repeatedly.

From managing salary releases to generating critical January statements, he has consistently gone the extra mile—often working late hours and pushing through demanding timelines to ensure seamless delivery.

Muni has demonstrated exceptional professionalism by:

- Seamlessly handling TechM requirements
- Efficiently managing account finalization work
- Maintaining consistency, accuracy, and clarity across deliverables

His approach reflects not just competence, but ownership and accountability at every step.

As rightly noted by Mr. John Rajkumar,

“This level of sincerity and commitment is what drives our success.”

Congratulations to CA Muni Reddy on this well-deserved recognition! Your hard work, late hours, and unwavering professionalism make you a truly invaluable asset to the team.

10 Years. 8 People. 250 Strong —A Journey of Unstoppable Growth

—By Sandeepa K V

10 years ago, when I first walked into the company, we were just a small team of 8 people. It was a humble beginning, but there was a strong sense of unity, hard work, and belief in building something meaningful together. Today, when I look around and see more than 250 employees, I feel proud to have been part of this incredible journey from the very beginning.

My journey here has been more than just a job, it has been a life changing experience. I started my career as an Operator, learning the basics step by step. With the continuous support and encouragement from my managers and the management team, I was able to grow into a Technician, then a Team Leader, and take on greater responsibilities over time. Every role taught me something new and helped me become better both professionally and personally.

What made this journey truly special was the people around me. My colleagues have always been supportive, cooperative, and encouraging. There has always been a strong team spirit, where everyone stands by each other and works together towards common goals. This kind of environment made coming to work every day a positive experience.

I also had the opportunity to move along with the company to three different new locations. Each move came with its own challenges, but it also opened doors to new learning and growth. Adapting to new environments, handling new responsibilities, and overcoming challenges helped me build confidence and strength. I truly feel that as the company grew, I grew along with it.

Throughout these 10 years, one thing that stands out for me is the constant support from the management. At no point did I feel ignored or left behind. Instead, I was always guided, encouraged, and given opportunities to improve myself. This trust and belief played a big role in shaping my journey.

Today, I look back with gratitude and satisfaction. The company has not only given me a career but has helped me build my life. Being part of this growth from 8 people to over 250 is something I will always be proud of. As I continue this journey, I feel excited and motivated to contribute even more, to grow further, and to be part of making the company stronger in the years ahead.

From Curiosity to Confidence: Seven Years of Learning, Growth, and Gratitude My Journey at Suryojasvi

-By Askar Khan

7 years ago, in March 2019, I walked into Suryojasvi Group with determination in my heart and curiosity in my mind.

joined as a Junior Data Analyst under the leadership of Mr. Mahidhar Sastry, carrying with me a background in Mechanical Engineering—but stepping into a field that was completely new to me.

I still remember my very first assignment—QlikView. It was a tool I had never heard of before. At that moment, the challenge felt overwhelming. But instead of stepping back, I stepped forward. I chose to learn, to explore, and to believe that persistence would eventually turn uncertainty into strength.

Those early days were filled with long hours of learning, trial and error, and constant self-improvement. Every dashboard built, every query written, and every problem solved gave me a new sense of confidence. Slowly, what once felt unfamiliar began to feel natural.

Over time, learning became a habit and growth became a mindset. I expanded my knowledge into Qlik, MySQL, Python, Syntheta, and Data Science, transforming from someone learning tools into someone delivering meaningful business insights.

“

Stepping into an unknown field and
choosing growth over comfort at
every stage.

With every project and responsibility, I grew stronger—not just technically, but professionally and personally.

This journey was not always easy. Like every meaningful path, it had moments of pressure, doubt, and unexpected challenges. But what made the difference was the supportive environment that surrounded me.

During my difficult phases, the encouragement and trust shown by my manager, Mr. Manmohan, and our directors, Mr. Mahidhar Sastry, Mr. Chetan Khosla and my mentor, Mr. Naveen Sharma gave me the strength, advices and support to stay focused and move forward.

Behind every individual success is a team that supports the journey. I am deeply thankful to my teammates Pavan Kalyan, Nikhil, Sarfaraj, and Yathesh, whose collaboration and encouragement made challenges easier and successes more meaningful. Together, we built solutions, solved problems, and supported each other through every phase of growth.

Today, as I look back, the journey from Junior Data Analyst to Deputy Manager feels like a transformation—built step by step, challenge by challenge, and lesson by lesson. Each year brought new responsibilities, new expectations, and new confidence. The organization that once gave me my first opportunity has now given me the platform to lead, contribute, and grow with purpose.

These seven years have taught me that growth does not happen overnight—it happens through consistency, resilience, and belief in oneself. Suryojasvi Group has been more than a workplace to me; it has been a place of transformation—where challenges became opportunities, and opportunities became achievements.

As I continue this journey with Suryojasvi Group, I carry forward immense gratitude for the trust placed in me and excitement for the future ahead. I look forward to contributing more, learning continuously, and growing alongside this organization that has played such a defining role in my professional life.

“

From Junior Data Analyst to Deputy Manager—a journey shaped by effort and dedication.

More Than a Job: Seven Years of Growth, Learning, and Belonging

–By Mehul Patel

I proudly celebrate 7 wonderful years with my organization, Wyzmindz Solution Pvt Ltd. These years have given me not just professional growth, but also countless memories, friendships, and transformation through hard work, learning, and teamwork.

From my very first day to today, every challenge has taught me something valuable about commitment, resilience, and continuous improvement. I'm grateful to dedicated colleagues who made the privilege to work with them a meaningful milestone in my journey.

Special thanks to my manager, Lohith, whose technical support, constant motivation, and leadership have been a true source of inspiration. Your belief in me has helped push my boundaries and reach new heights in my career.

These 7 years have not only been about learning; they've shaped my professional path and passion for what I do. Looking forward to many more years of growing together and contributing to exciting milestones and the journey ahead!

Suryojasvi Group Celebrations

The spirit of Holi swept through the Suryojasvi Group in a vibrant celebration filled with colours, laughter, and unforgettable moments of togetherness.

More than just a festival, it became a grand expression of our culture—where boundaries faded, teams came closer, and every face reflected pure joy. Colleagues stepped away from their routines to immerse themselves in the energy of the day, celebrating not just colours, but the strong bonds that unite us.

Rangon Se Rishton Tak – A Holi Celebration at Suryojasvi

From bursts of gulaal to shared laughter echoing across teams, every moment captured the essence of positivity, unity, and celebration. It was a beautiful reminder that at Suryojasvi, we don't just work together—we celebrate together, grow together, and create memories that last.

This Holi wasn't just about colours—it was about connection, camaraderie, and the vibrant spirit that makes Suryojasvi truly special.

Welcoming the New Wave of Suryojasvis

There is a unique magic in new beginnings—the spark of fresh ideas, the warmth of new connections, and the excitement of working towards a shared purpose.

We extend our heartfelt welcome and gratitude to our newest colleagues for choosing to be a part of the Suryojasvi Group. Your presence adds new energy to our journey and strengthens the spirit that defines us.

Seeing your smiles is a reminder that we are constantly evolving, growing, and building something meaningful together.

We are committed to making your journey here enriching and fulfilling—just as valuable as the talent and perspective you bring to our teams.

BADGE OF HONOR

Celebrating Excellence
at the WOW Festival

The Badge of Honor is more than just a recognition; it is a reflection of individuals who go beyond the expected, creating impact that resonates across teams and initiatives. This month, the spotlight shines on those who played a pivotal role in making the WOW Festival an outstanding success.

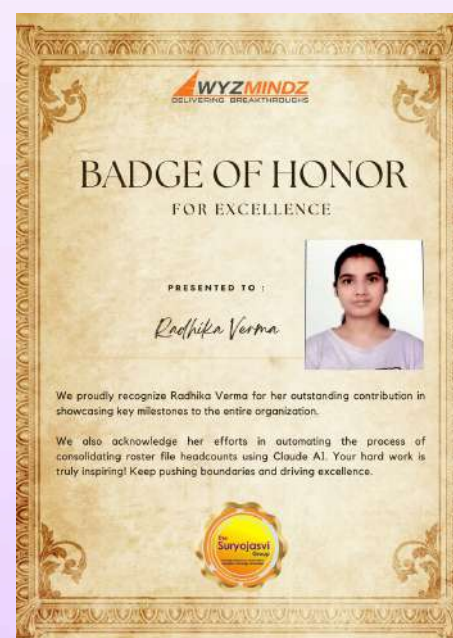

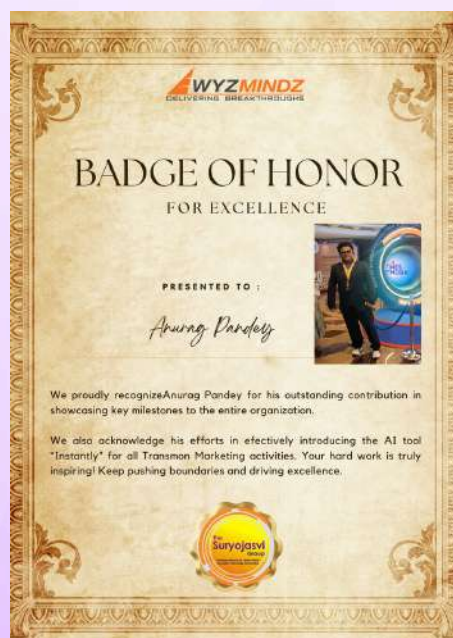

With their energy, creativity, and unwavering commitment, they transformed the event into something truly memorable. Their efforts not only elevated the experience but also beautifully showcased the collaborative and vibrant spirit that defines who we are.

At its heart, the Badge of Honor stands for what we believe in—ownership, teamwork, excellence, and a shared purpose. It is a reminder that every meaningful contribution strengthens our culture and moves us forward together.

With immense pride, we celebrate our stars:

Divya Lakshmi
Amruta
Anurag
Radhika
Ruchi
Somnath

Congratulations to each of you for your remarkable contributions and for truly embodying the Suryojasvi spirit. Your efforts inspire us all to aim higher, collaborate deeper, and continue creating impact that matters.

BIRTHDAY CELEBRATIONS

Birthdays are always special—but what makes them truly meaningful is the joy of celebrating together. This month, we came together to create moments filled with laughter, warmth, and heartfelt wishes for our March-born stars.

From cheerful greetings and shared smiles to delightful celebrations, every moment reflected the strong sense of camaraderie that defines our culture. It was not just about marking another year—it was about appreciating the individuals who bring energy, positivity, and uniqueness to our teams every single day.

To all our March birthday celebrants
May the year ahead bring you continued success, good health, new opportunities, and countless reasons to smile.

May you keep growing, shining, and inspiring everyone around you.

Here's to celebrating you

Sometimes, the most memorable moments are the ones we least expect. This month, we are delighted to share a heartwarming WOW moment experienced by Sudeep from TransMon (Indresh's team) during his visit to the L&T Finance client location in Mumbai.

Away from his team, family, and familiar surroundings, Sudeep celebrated his birthday on 10th March, expecting it to be a quiet and simple day. Instead, what unfolded was a beautiful surprise that turned the occasion into something truly special.

The L&T Finance team came together to celebrate, creating a moment filled with warmth and joy. In a delightful twist, two different departments surprised him with birthday cakes one after the other, making the celebration even more memorable and heartfelt.

Deeply touched by the gesture, Sudeep extended his gratitude to Raju Taduka, Chitra, and the entire LTF CX Team, along with Pratyusha, Yogita, Bhagyashree, Kapil, Sushant, and the LTF Collection Team for their thoughtful wishes and effort in making his day so special.

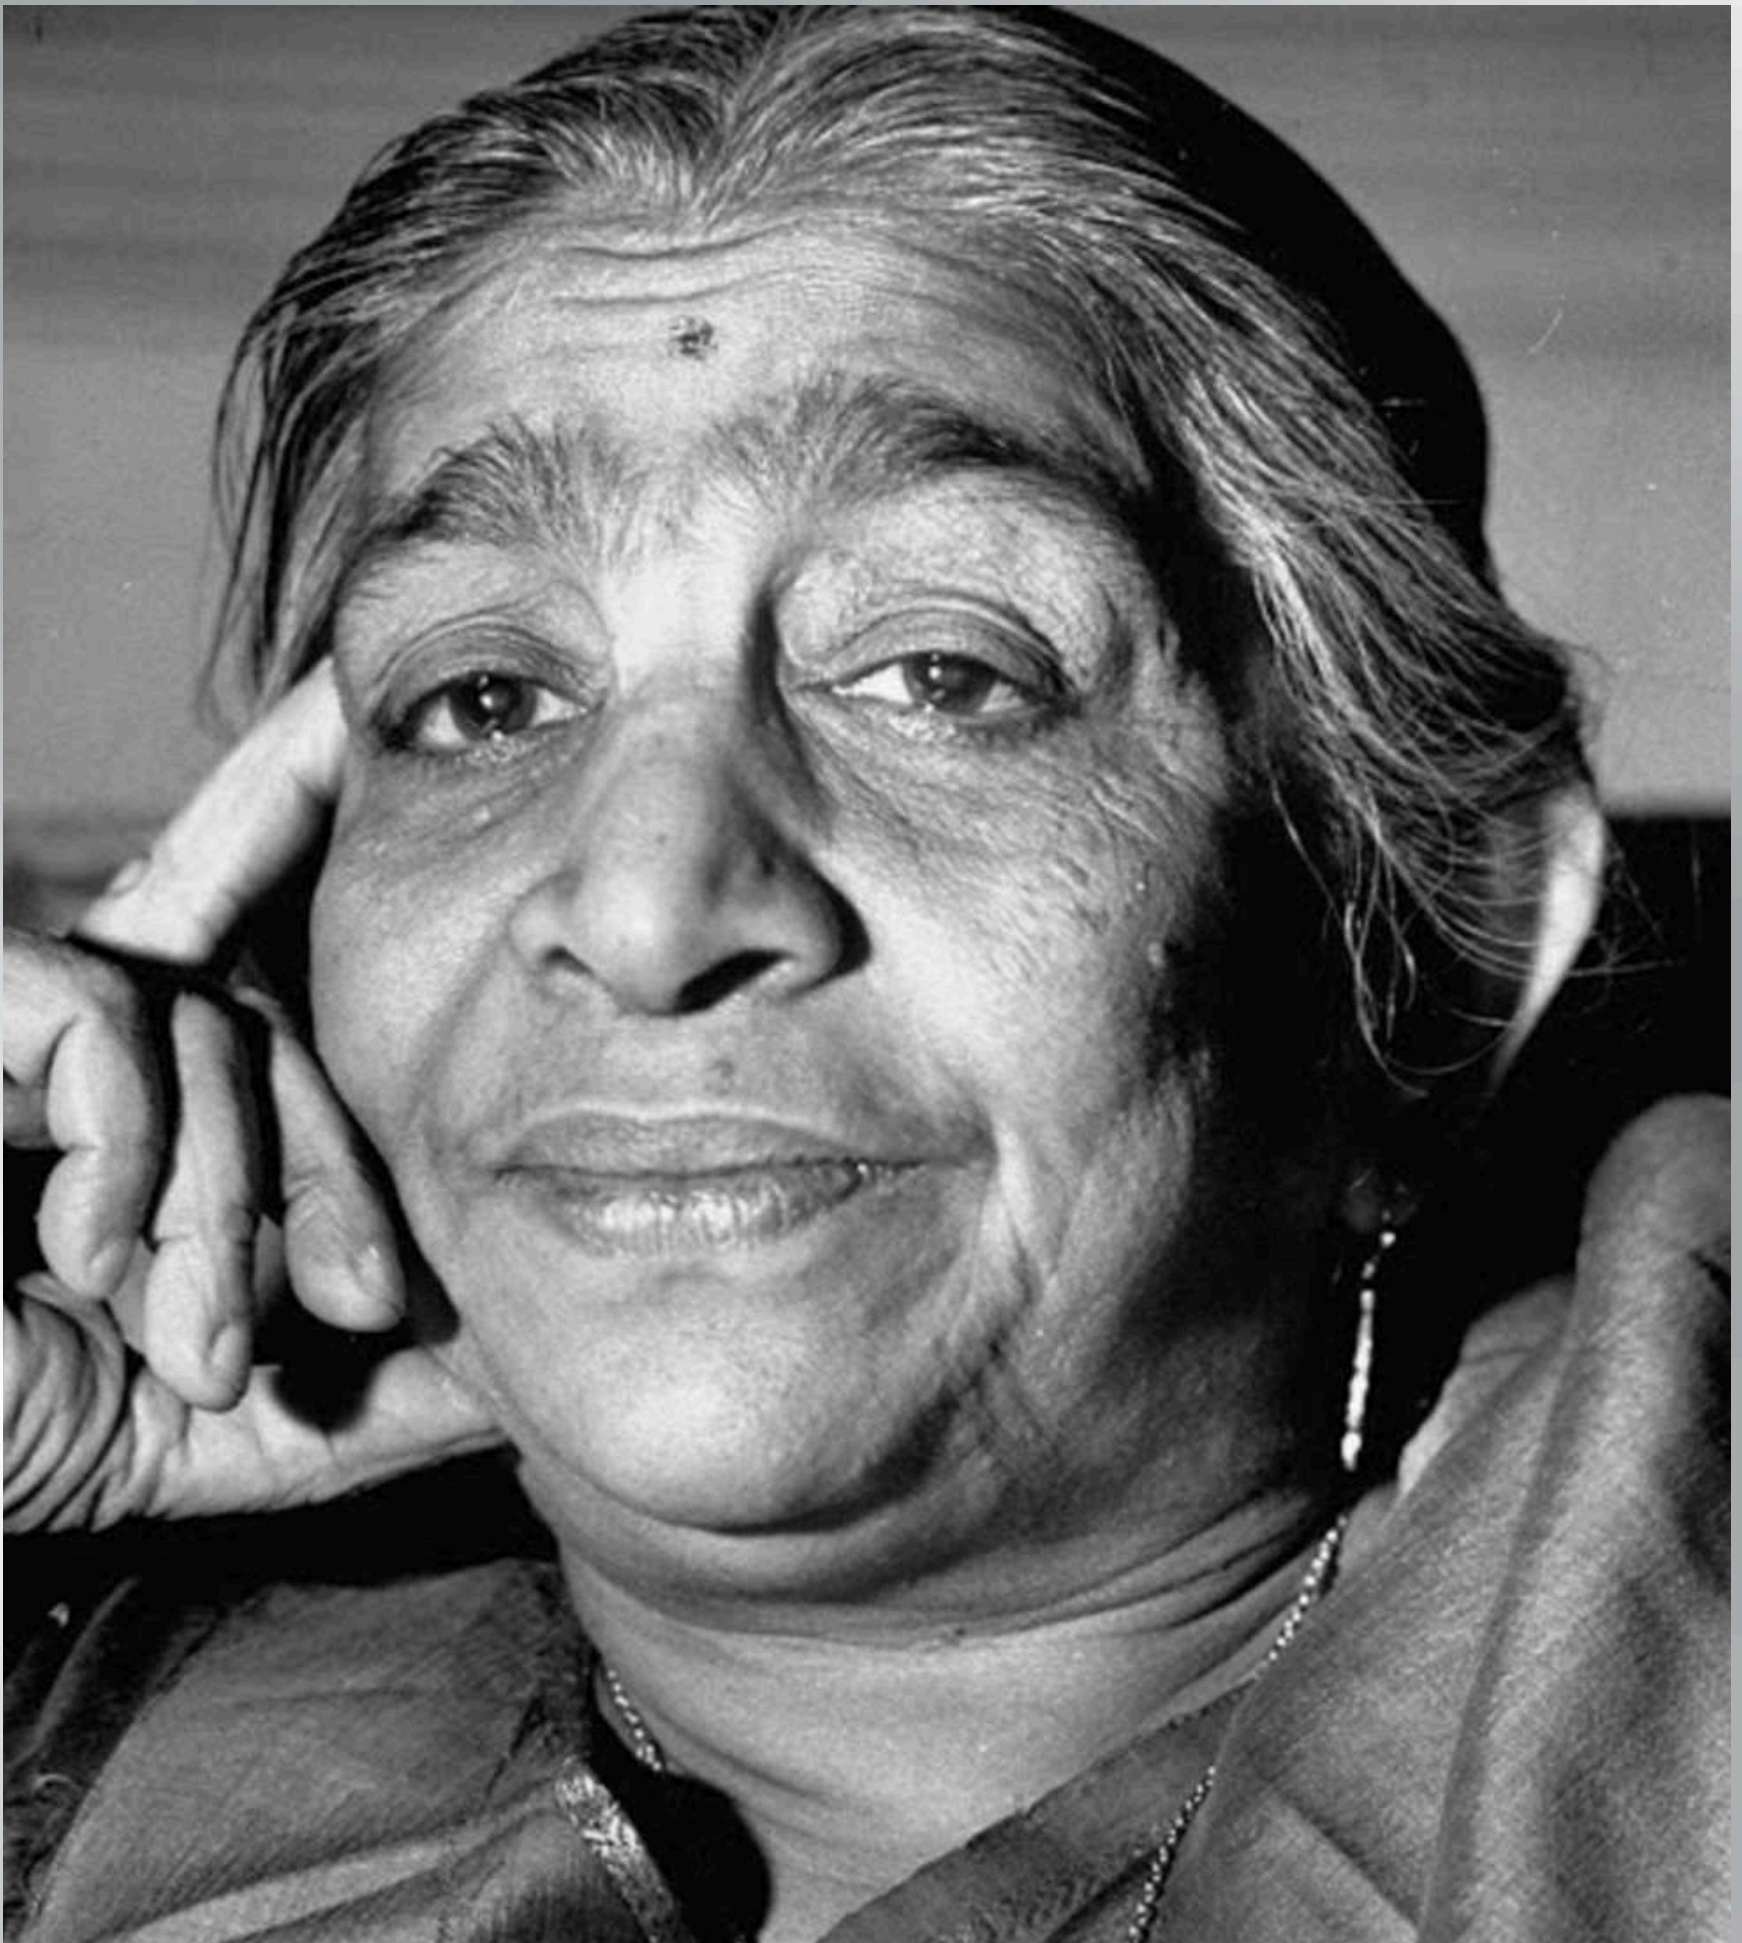

Moments like these go beyond celebrations—they reflect the true spirit of partnership, connection, and appreciation that we build with our clients and extended teams. They remind us that while we work across locations and responsibilities, the human connections we create make all the difference.

An Inspirational Story

Sarojini Naidu | The Nightingale Who Gave India a Voice

There are individuals in history who do not just participate in change—they become the voice of it.

Sarojini Naidu was one such extraordinary force. A poet, a freedom fighter, and a leader, she carried within her the rare ability to blend art with action, words with courage, and dreams with determination.

Born on February 13, 1879, in Hyderabad, Sarojini Naidu was a child of brilliance and curiosity. Her father, a scientist, and her mother, a poet, created an environment where intellect and creativity flourished side by side. It was no surprise that Sarojini showed early signs of genius—writing poetry from a young age and mastering multiple languages with ease. Yet, what made her truly remarkable was not just her talent, but her desire to use that talent for a larger purpose.

At a time when India was awakening to the call for independence, Sarojini Naidu found her voice not just in poetry, but in public life and national service. Her words, once written in verses, began to echo across gatherings, inspiring thousands. Known as the “Nightingale of India,” her speeches were lyrical yet powerful, capable of stirring both emotion and action.

Her journey into the freedom movement was deeply influenced by leaders like Mahatma Gandhi and Gopal Krishna Gokhale, but her contribution was uniquely her own. She brought a sense of warmth, empathy, and inclusiveness into the movement, reminding people that freedom was not just a political goal—it was a human aspiration.

Sarojini Naidu was also a trailblazer for women in leadership. In 1925, she became the first Indian woman to preside over the Indian National Congress, a moment that symbolized the breaking of barriers and the rise of women as equal participants in shaping the nation. Later, she went on to become the first woman Governor of an Indian state (United Provinces, now Uttar Pradesh)—a role she carried with grace and responsibility.

But beyond titles and achievements, what truly defines Sarojini Naidu is her spirit.

She believed in the power of expression. She believed that words could heal, unite, and ignite change. At a time when fear could have silenced many, she chose to speak—boldly, beautifully, and unapologetically. She faced arrests, challenges, and uncertainties, yet never lost her optimism or her sense of humor. Even in the most difficult moments, she carried an infectious energy that uplifted those around her.

Her life offers us timeless lessons.

She teaches us that talent finds its highest purpose when aligned with a cause. That leadership is not about authority, but about influence and inspiration. That courage does not always roar—it sometimes sings, softly yet powerfully, like her poetry.

In today’s fast-paced world, where we often measure success through speed and scale, Sarojini Naidu reminds us to also value depth, meaning, and purpose. She shows us that it is possible to be both gentle and strong, artistic and impactful, expressive and action-oriented—all at once.

As we reflect on her journey, we are reminded that each of us carries a voice within us. The question is—how do we choose to use it?

Will we use it to inspire? To uplift? To create change? Sarojini Naidu did all three—and in doing so, she left behind not just a legacy, but a living inspiration.

A Legacy That Continues to Inspire

Today, Sarojini Naidu is remembered not just as a historical figure, but as a symbol of grace in leadership, courage in action, and beauty in expression. Her life continues to inspire generations to dream bigger, speak louder, and stand stronger.

In every voice that rises for justice, in every individual who dares to lead with heart, and in every dream that refuses to be silenced—her spirit lives on.

Be fearless in your words. Be purposeful in your actions. And like the Nightingale of India, let your voice create a melody that the world cannot ignore.

“Do not quench your inspiration and your imagination; do not become the slave of your model.”

Crystal Clear Identity, Daily Remembered

Every organisation has rituals, but at Suryo Jasvi, we have something deeper— a daily moment that reconnects us to our identity, our purpose, and our shared destiny.

Every day at 11:00 AM, across all our companies, one powerful practice unites us:

- We play the Suryo Jasvi Song.
- We recite the Suryo Jasvi Mahavakyas.

These are not just words or melodies. They are the soul of who we are, the codes we live by, and the values that shape us.

In a world full of noise, speed, and constant change, this daily ritual becomes a pause—

- a moment to return to our center
- to remember what we stand for
- to realign with the brilliance we are committed to becoming.

The Suryo Jasvi Song reminds us of our spirit of our joy, our unity, our courage, and our commitment to be increasingly useful, grateful, and joyful.

It binds us together as one family with one purpose.

The Suryo Jasvi Mahavakyas remind us of our promises—to learn, to serve, to solve, to create, and to become the light that elevates industries and the world around us.

Through these daily practices, we reaffirm:

- We are Suryo Jasvis.
- We are devoted to brilliance.
- We rise with purpose.
- We walk together.

And we build, every day, a world-class organisation guided by intention, humility, and service.

This ritual is more than a habit. it is our gratitude in action—gratitude for our journey, our people, our purpose, and for the chance to grow and evolve together.

“

**A world-class organisation

intention—reminded every
day.**

The Suryojasvi Mahavakyas

1. I am a Suryojasvi – Devoted to Brilliance in my Profession.
2. I am Grateful & feel Blessed for my Customers, my Team & my Responsibilities.
3. Everyday I am focused & Inspired:
4. To Learn & Spread Skills & Knowledge
5. To Solve Ever Larger Challenges
6. To create greater happiness, success & abundance
7. To be more and more useful to my team, clients and the World
8. Wisdom & Grace shines through me in my thought, word, and deed
9. I keep my word and my promise.
